

SIZE CHARTS

In order to work out the correct size for your child: measure your child and check these measurements against the body measurements in the sizing charts shown.

HOW TO MEASURE

- **Height:** Measure from the top of head to the ground (without shoes).
- **Chest:** Measure around the fullest part of the chest.
- **Waist:** Measure the natural waistline, just above the hip bone.

CARE INSTRUCTIONS

Unless indicated all garments (excluding shoes and pure wool) are machine washable as our items are made to last! However please take care of the following instructions:

- We do not normally like to recommend that our products be tumble-dried. This is because the heat can cause shrinkage and fading, and may shorten the lifespan of the garment, but most of our products can be tumble-dried with care. There are, however, a few products that must not be tumble-dried and these are clearly marked in the catalogue.
- Please note that all Indigo, Denim and Pigment dyed styles should be washed SEPARATELY.
- White or light colored garments or upholstery are especially vulnerable as well as organic cotton products, pure wool and Liberty special fabrics.
