Soulmates

A soulmate is a perfect fit, a mirror, the one who shows you everything that is holding you back.

A soulmate is the one who makes you look at yourself in a way so you can change your world.

A soulmate is probably the most important person you will ever meet, because a soulmate can tear down your walls and smack you awake.

A soulmate is a friend forever, the one that understands your soul, the one that will never be taken away from you.

Welcome to our new collection who talks about real friendship, the one that matters: welcome to Soulmate.

Let them be little!

Who is behind the whole thing?

Milou & Pilou is a vintage flavored brand from Barcelona that offers stylish clothing for girls from 2 to 10.

The brand is based on the ideas of Mama Alicia, inspired by her own beautiful girls and happy childhood memories. With a little team of four enthusiastic people, the first collection FW14 was launched exclusively online and was immediately adopted by some of the most stylish online portals and media, especially in the UK, US and Australia.

Well-known by their twirling skirts and pinafores all the manufacturing is based in Barcelona, contributing to the ethical and local production.

The brand is specialized in denims, corduroys and wool, making retro styled designs and providing vintage finitions to the fabrics, which makes each collection quite exclusive.

Currently Milou & Pilou can be found in some selected stores around the world.

Materials and Production

All Milou & Pilou products are made locally in Barcelona (Spain). They are all made with special care and finishing, dyed exclusively with the most ethical techniques, treated to get a vintage finition and washed prior sewing so they will remain in perfect condition for our customers.

Our high quality production means that we produce limited series every season and that our garment can be delicate. The quality of the components require a special care.
